Agency:	Associated Youth Services (AYS)
Job Title:	AYS Youth Health Day Assistant
Description:	AYS hosts Youth Health Days in the Kansas City, Kansas, middle and high schools to provide much-needed health information and health screenings to Wyandotte County youth.
What is meaningful about this position?	The services provided by Youth Health Days are valuable resources for community youth. Many of these young people do not receive regular medical care and suffer from serious medical conditions like obesity. These children benefit from the information and services that are made available to them through our events. As a volunteer, you can help make these events possible!
Duties:	AYS Youth Health Day Assistants will assist agency staff by collecting evaluation forms and screening forms from students. Volunteers consult with students to ensure they complete the health screenings. Volunteers may also assist AYS staff nurses by conducting vital health screenings.
Dates Needed:	Youth Health Days take place on Fridays during an entire school day from approximately 7:30 a.m. to approximately 3:00 p.m. 2011-2012 dates can be found at www.aysusa.org/program_communityHealth.html
Location of Volunteer Work:	Each event takes place at a different Wyandotte County school. Please contact us for more information.
Age Requirement:	Volunteers should be 18+.
Desired Qualifications:	Volunteers should work well with youth and should support our mission of educating youth about health issues.
Training provided:	Volunteers will receive training on-site. Staff nurses can train volunteers to conduct health measurements, including height, weight, blood pressure, and BMI.
Numbers of Volunteers Needed:	We need 6-7 volunteers per fair. Volunteers are encouraged to volunteer for multiple events and to volunteer as a group.
Length of commitment:	Each event is no more than 8 hours long. It is possible to volunteer during only a portion of a fair.
Supervisor, phone, email:	Teri Kriege, 913-831-2820 ext. 231, tkriege@aysusa.org
